SECOND HORROR NOVELLA ANNOUNCED

1 June 2015. Colorado Springs, CO – Bad Day Books, an imprint of Assent Publishing, announces the release of the second novella by local author Christina Bergling, *The Waning*. Beatrix woke up in a cage. Can she survive long enough to escape, or will he succeed at breaking her down into a possession? This dark tale explores the psychology of submission and what a captive must do to survive. A portion of royalties from book sales will benefit the Wounded Warrior Project, just as with Bergling's first book, *Savages*.

The Waning will first be released as an eBook on Amazon on 6 July 2015, later available in paperback and from other vendors.
