THE HORRORS OF ONLINE DATING

1 July 2017. Colorado Springs, CO – Dating sucks. Online dating could drive anyone to murder. What happens when a good girl finally snaps? Limitless Publishing announces the release of the twisted horror comedy *The Rest Will Come*. Emma discovers that killing clueless jerks from the internet might be her one true love. Yet as her need for her murderous outlet grows, she runs an increasing risk of getting caught—or worse, falling for one of her victims.
